

# Welcome Aboard

Onboarding 2023

Welcome Aboard is a three-hour introduction to the mission, vision, values and culture of WestJet.

The class is designed to welcome and connect you, our new hires, with WestJet in a virtual, interactive way. You will learn about where we've been, where we are, and more importantly the part you will play in where we're going.

You can expect an engaging virtual session, filled with media, activities and great discussion that will educate, motivate, and ignite your cultural spirit.

Your leader, or training instructor, will register you in a Welcome Aboard session. Ideally, we would love to have this happen on your first day, but class sizes can vary. Please ensure you attend a session in your first month of employment.
